

LABYRINTH AT THE TRIBUTE GARDEN IN CAPE CORAL

Find peace, comfort and relaxation

Your community group is invited to enjoy our healing labyrinth.

By following its gentle path, individuals can find strength, clarity and peace. Along this trail, there are no decisions to be made - a path quietly leads you to the center of the labyrinth and then back out again.

Before entering, visitors can quiet their minds and let go of all that burdens them. They may stroll at a slow and steady pace and use the time to meditate, reflect or connect with a Higher Spirit. Some choose to take a question into the labyrinth and wait for a feeling, an image, a word or phrase in the center. The space is yours to explore. Relax, connect and breathe.

our labyrinth at any time.**
